留学生のトムが、春休みの思い出について話します。

Hello, everyone. I'm Tom Green. I came to Japan last year. I didn't have any Japanese friends then. Now I have a lot of friends here. I'm enjoying my stay.

During my spring vacation, I went to Ueno by bus with my friend, Ken. We visited a big museum. We looked at old things there. ①They were new and interesting to me. Ken pointed to an old picture and said, "That is an *ukiyo*e. *Ukiyo*e is a famous type of Japanese art."

After the museum, we went to a park. It was big! I saw a lot of people there. They were eating and drinking under trees. We had lunch under a tree, too. I saw cherry blossoms for the first time. ②They were really beautiful. After lunch, we walked *around the park.

I had a good spring day with my friend, and I learned a lot about Japan from him.
